

Attestation

E1-653-2/2015

Herewith it is confirmed that in the second half of 2015 a regular supervision of the product

birch plywood-UF

plywood, birch, urea-formaldehyde (UF), unfaced
technical class: EN 636-1 S
in the thickness range: ≤ 40 mm

manufactured by

Sykyvkar Plywood Mill Ltd.
Uchtinskoe ave. 66
167026 Sykyvkar
Russia

was carried out by the approved supervision body (NDS08)

Fraunhofer-Institute for Wood Research

Wilhelm-Klauditz-Institut WKI
Bienroder Weg 54 E, 38108 Braunschweig, Germany

according to supervision contract no. 0653 dated 1 October 2015. It was found that the requirements on personal and equipment are suitable to produce the product in an adequate way and the factory production control meets the requirements of the "Regulation on the classification and external supervision of wood-based panels regarding formaldehyde emission (DIBt - Guideline 100)" dated June 1994. This attestation is part of the evaluation report and is valid for the following 8 months. The continuous external supervision of factory production control shall take place twice a year.
